Golden citations: Political Economy,

Review questions for next Monday or Thursday, we have two guest speakers next week so I am not sure what day we will have time for the in class quiz. It will be the same format as last time, I will distribute some of these questions and you will answer, we will discuss the answers if necessary.

ECON 3235 Peer and Affinity group Figures

Data sources and Case Study related question questions [Elephant Curve growth pattern](#) [GICs and](#)

1. Briefly, describe the [“Stalled Revolution” for Latin American Women](#) why might this matter for growth and happiness? Does your country have above or below average gender inequality, what component or components of the UNDP GII explain this ranking?
2. What was [Peru’s inflation rate in 1990 and](#) what was its GDP growth rate? Where can we find this data for all our case study countries, that is how would you change this url? <https://www.imf.org/en/Countries/per>
3. What is the garment industry [minimum wage in 2013 in Colombia](#), Mexico and Bangladesh? How can Colombian garment producers compete (please don’t watch the Planet Money video).
4. Happy Day of the Dead (Día de Muertos) from Google, Mexico City had a wonderful parade [parade lasat Sunday Oct 28th when did this tradition start?](#) (hint: [James Bond movie \(Spectre\)](#)). Roughly, how much does Mexico generate in tourism revenues and remittances each? Why does this matter, for Mexico and is Northern triangle neighbors? On a sad note, what did this year’s parade commemorate?
5. Though Mexico’s GDP growth since 1990 has been disappointing, but the WWB and the **Cherie Blair Foundation for Women** think that [enabling and empowering women](#) could increase Mexico’s GDP by 43% (\$810B) by 2025 how does this happen? Does their argument sound plausible.
6. Has your country graduated? In what sense, given this list here [there are several roads to redemption...](#) see this HKS [presentation and](#) at [CasaBlanca Morocco](#) or their original [JDE paper](#) and [J Frankel’s blog](#)
7. Suppose you are a LatAm or Caribbean country and want to build resilience to climate (or financial) shocks. Ok you can always use a [Economic and Social Stabilization Fund](#) (as Chile set up in 2007) but what about more [female headed HH in urban areas](#)? What is the definition of resilience used by how is it similar to the 2011 definition of the middle class proposed by [Lopez-Calva and Oritz-Juarez](#)
8. Why does the [IMF argue flexible exchange rates important](#) for coping with climate shocks? Is your country vulnerable to climate change (in the red zone)? Does it have a flexible exchange rate? Explain how a devaluation helps countries cope with climate shocks?

9.

[DeVries The IMF Experience](#) see pages 10-13
